

The Hyatt at Olive 8 and the Grand Hyatt Seattle both offer valet parking to guests and meeting attendees. Self-parking options are available in the form of standard city-metered spaces and parking structures in the surrounding area.

City-Metered Parking - These spaces are available as “first-come, first served”. Pay Stations accept credit or debit cards as form of payment. Parking stickers obtained from any city pay station are transferable to other metered parking within the City of Seattle for the duration paid for. Free parking times in metered parking vary within the downtown area. Times are posted at pay stations.

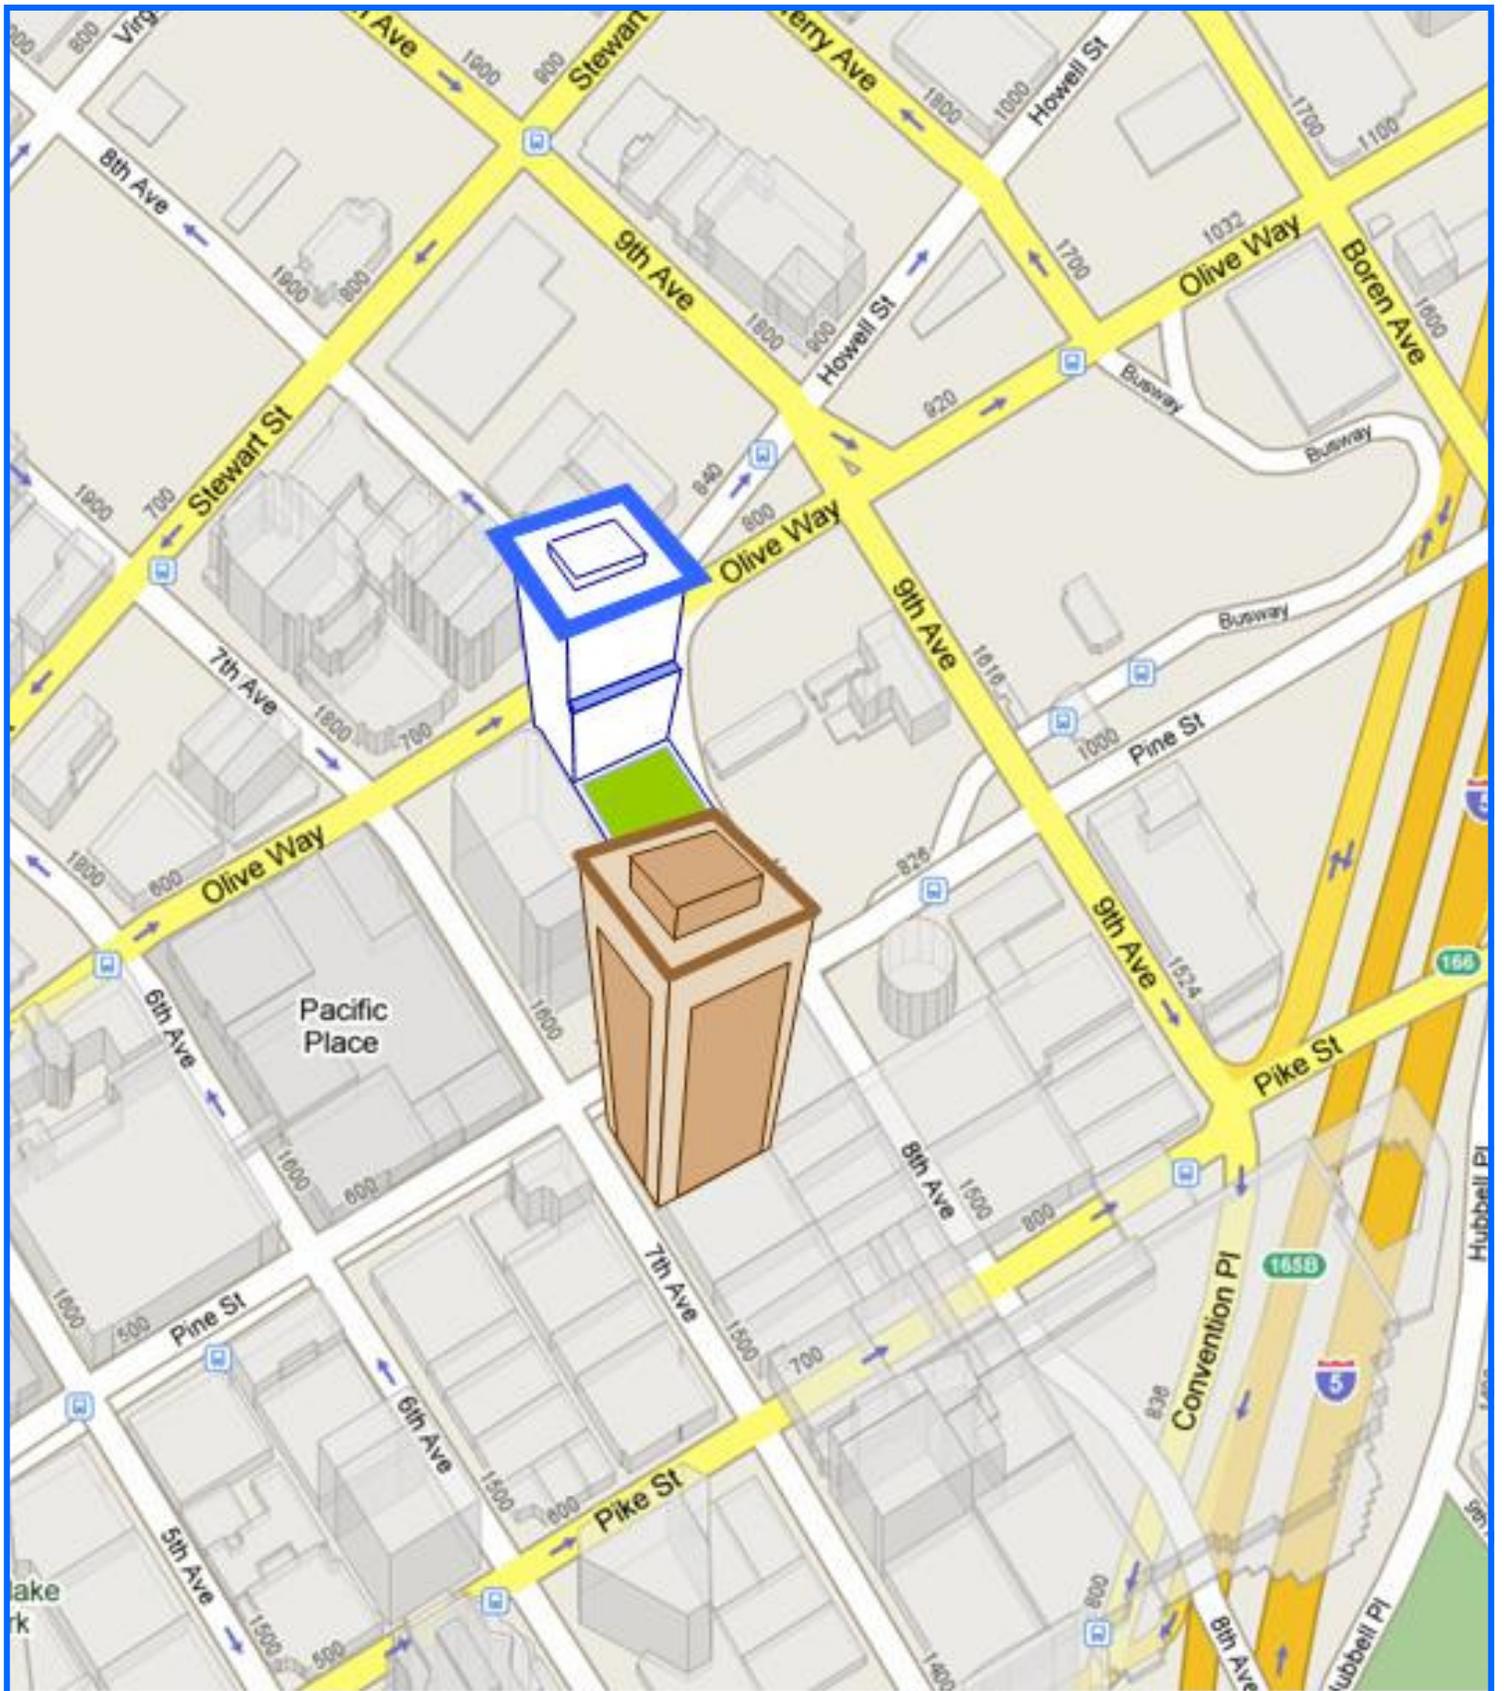

Parking Structures - A selection of self-parking structures are available near to both hotels. Prices vary and are subject to change. Parking agreement and payment is between the individual and the parking management for the structure selected.

Hyatt is not responsible for loss or damage to personal property, nor parking infractions incurred as a result of parking choices.
